EJI Database Data Dictionary

Variables beginning with “E_” are estimates. Variables beginning with “EPL_” are percentile ranks for those estimates. Variables beginning with “SPL_” are summed indicator or module ranks for domains, modules, or overall scores, and variables beginning with “RPL_” are percentile ranks for domains, modules or overall scores. Values of -999 represent “null” or “no data.” Census tract boundaries are taken from 2019 TIGER/ Line Files and are based on the 2010 decennial census.
